SKILLS

JavaScript - 1 year

React.js - 1 year

Node.js - 1 year

MongoDB - 1 year

MySQL - 1 year

Html - 1 year

Css - 1 year

EDUCATION

University of Denver

Coding Boot Camp Certificate

Web Development

Denver, CO

07/2021 to 10/2021

SOFTWARE PROJECTS

Gathr

- A Coding Boot Camp project created for users who want to connect with others.
- Users can view, create or delete events (only the owner of the event can delete the event).
- Learned Full-Stack development technologies including Handlebars, Express.js, and MySQL.
- [Gathr : https://shielded-mesa-10854.herokuapp.com/](https://shielded-mesa-10854.herokuapp.com/)

Moovie

- Last Coding Boot Camp project created for users who love movies and want to get others' opinions on a movie or for users who love to leave their opinion for others on a movie.
- Learned Full-Stack development technologies including React.js, GraphQL, and Node.js.
- [Moovie](https://blooming-anchorage-52775.herokuapp.com/) : <https://blooming-anchorage-52775.herokuapp.com/>

Sample Website

- A simple sample website focused on the frontend to learn some CSS and responsive background.
- Learned how to use vanta.js in React.js.
- [Sample Website](https://alexito24.github.io/sample-site/) : <https://alexito24.github.io/sample-site/>
